

Wall mount Power Supplies

Models	Standards (for world safeties contact the factory)	Output Voltage Range	Input Voltage (C6, C8, C14, for desktops, and U.S., and other A/C plugs for wall-mounts contact the factory)	Features
5W Series	UL60950, Energy Star Meets CEV Level VI	3.3V-15V	100-240Vac	High Quality OCP, OVP, SCP Protection
12-18W Series	UL60950, Energy Star Meets CEV Level VI	5V-48V	100-240Vac	High Quality OCP, OVP, SCP Protection
12-18W Interchangeable Input Plug Series	UL60950, Energy Star Meets CEV Level VI	5V-48V	100-240Vac	High Quality OCP, OVP, SCP Protection
20W-24W Series	UL60950, Energy Star Meets CEV Level VI	5V-48V	100-240Vac	High Quality OCP, OVP, SCP Protection
20W-24W Interchangeable Input Plug Series	UL60950, Energy Star Meets CEV Level VI	5V-48V	100-240Vac	High Quality OCP, OVP, SCP Protection
36W Series	UL60950, Energy Star Meets CEV Level VI	5V-48V	100-240Vac	High Quality OCP, OVP, SCP Protection
36W Interchangeable Input Plug Series	UL60950, Energy Star Meets CEV Level VI	5V-48V	100-240Vac	High Quality OCP, OVP, SCP Protection
50W Series	UL60950, Energy Star Meets CEV Level VI	5V-48V	100-240Vac	High Quality OCP, OVP, SCP Protection
65W-72W Interchangeable Input Plug Series	UL60950, Energy Star Meets CEV Level VI	12V-48V	100-240Vac	High Quality OCP, OVP, SCP Protection

Level VI Efficiency
UL/cUL and CE Certified
Universal 90-264Vac input
Compact designs with Interchangeable plugs
100% Burn-in, Hipot & Functional testing
2-Year warranty
USB-C Output Connector
Available in choice of colors
